

# Dynamic Pouring

with

Laurie Goldstein-Warren  
Workshop Materials List

Paint colors: Quinacridone Gold – Daniel Smith  
**Watercolors** Quinacridone Rose – Daniel Smith  
Cobalt Blue - Winsor & Newton or Daniel Smith  
Antwerp Blue – Winsor & Newton  
Lamp Black – Winsor & Newton or Daniel Smith  
(These can all be purchased through Cheap Joe's [www.cheapjoes.com](http://www.cheapjoes.com))

Adjustable nozzle Spray Bottle - Make sure you can adjust spray to get big drops as well as a fine mist. (You can buy one at any retail store such as Walmart)

Mouth Atomizer – Holbein makes the only one I have ever successfully used. It's worth it to get this one. ([www.cheapjoes.com](http://www.cheapjoes.com))

Butcher Tray Palette (I use an 11" X 15") We will be using BIG brushes. ([www.cheapjoes.com](http://www.cheapjoes.com))

Water Bucket (Any retail store, something the size of a peanut butter jar or wider)

At least five old measuring cups or similar size pouring containers. One with lids are ideal, like old moisturizer jars. (I bought mine on Amazon.com, plastic jars with lids at least 4 oz. size)

Hair dryer or heat gun

Brushes: 2" or 3" Hake Brush, #12 Round, 1 1/2" Flat Brush, #8 Round with good point tip, a stiff bristle 1/4" or 1/2" flat brush (These should all be inexpensive brushes if you are going to use acrylic, if you choose to use watercolor, you can find inexpensive or great brushes at [www.cheapjoes.com](http://www.cheapjoes.com).)

Plastic Pipettes (4 or 5) for dropping paint onto painting.

Masking Fluid (I use Pebeo drawing gum) It can be dried with a hair dryer and lifts easily from your paper. "<http://www.cheapjoes.com>" Make sure your masking is not old.

1" Masking tape if you want to have something to hold onto when we tilt the paper

Towels, Paper towels and tissue

Watercolor Paper (I always use Fabriano Artistico bright white 140 lb.) It has the greatest "lifting" capability than any other paper I've tried. If you don't have it, bring a good quality 140 lb. watercolor paper. We will use 2-3 sheets. ([www.cheapjoes.com](http://www.cheapjoes.com))

A Large Plastic Bin to catch paint as we pour (at least 24" wide OR you can use absorbent puppy pads to catch your pours

Pencils (HB or #2 hardness)

A good soft eraser

Plastic table cloth or drop cloth 2 would be good for table and floor

I look forward to seeing you there! P.S. Tip: Skip the manicure this week
